

# Introducing...

## New Clutter Pro Garage

- Intelligent design
- Solid construction
- Attractive options
- Affordable

# ORG Garage Cabinets

## Intelligent Design

- Cabinet based system
  - Follows industry cabinet standard using outside dimensions
- All the components are engineered to create a complete unit
  - Cabinet shell includes verticals, back panels, shelf decks and cleats
- Standard configurations make it **very** easy to design and quote
- Elevated design mounts to wall using doweled cleats and Confirmat screws
- Designed for fast and simple installation

## ORG Garage Cabinets

### Solid Construction

- 3/4" verticals and fronts with durable thermo-fused melamine
- 1" thick shelf decks on top and bottom
  - white decks with colored edgeband
- 1" thick shelves adds substance and strength
  - adjustable and fixed options
- Full back-panel
  - 1/4" thick back adds structural integrity

# ORG Cabinets

## Solid Construction

Doweled interlocking fastening system

Cleats are doweled to verticals and secured to wall

Steel connecting hardware provides secure fit

## Convenient Installation

Features that make installation simple and quick

- Cabinet-based design makes it easy to move around
- Cabinets hang on the wall to avoid uneven surfaces
- Legs are simple to add later

Predrilled holes for dowels

Back panels slide easily into grooves

*Cabinets can be preassembled in your shop to reduce installation time at client's home.*

*A motorcycle jack lifts the assembled cabinets to proper height without strain.*
